Dakar, [date]

The President of the Republic

For the attention of the Minister of State.

During my working session with the Executive Secretary of the global Digital Solidarity Fund in Vevey (Geneva), some important decisions were taken, particularly concerning the collection of computers in good working order to be sent to Dakar, for the sub-region.

Therefore, I would ask you to urgently assign an officer from the Senegalese Mission to work exclusively for the Fund.

[Signed]
Abdoulaye WADE
